

Marks & Spencer Car Park – Hartlepool

Client:
Hartlepool Borough
Council

Architect:
Hartlepool Borough
Council

Value:
£200k

Brief

To provide new car park to Marks and Spencer store

introduction of new pedestrian refuges and crossing points. Car Park barrier improvements were installed as well as associated car park ticket machine facilities.

Action

Alterations to the existing Marks and Spencer Car Park were carried out to provide improved car parking facilities to the Middleton Grange Shopping Centre Hartlepool Centre.

Stringent Health and Safety measures were introduced to satisfy client requirements and to accommodate both the needs of Marks and Spencer and the Middleton Grange Centre general public management protocol.

Works consisted of the re-profiling and re-surfacing of the existing car park plus the
