

Rotherham United FC

Client:

Rotherham United
FC

Architects:

Nuttall Yarwood

Value:

£3.6m

Brief

An integral part of the re-vitalisation of Rotherham United FC is the replacement of the existing early 1900's wooden main stand with a modern dynamic stand in line with the club's ambitions.

The project included working whilst home games were ongoing involving close liaison with the club to minimise disruption.

Action

Demolition of the existing stand and construction of the new 4,300 seater West Stand with corporate hospitality and new banqueting and catering facilities.
